Leolod Elliott The Flath We Flath Jour Semula

## ALL APPRENTICES - As approved by U.S. Department of Labor Bureau of Apprentice & Training

The wage rates under column <u>Total Hourly Wage Rates</u> as set forth by the Committee are the minimum wage rates to be paid and shall not prevent the employer from paying a higher wage rate. However, the <u>Hourly Rate</u> column plus the <u>Other Hourly Compensation</u> column <u>must</u> equal the <u>Total Hourly Wage Rate</u> Column.

The wage rates are established on the date signed. However, if the project is not awarded within 180 days a new updated wage rate shall be required.

Stipulation as to the employment of apprentices: Apprentices will be permitted to work at less than the predetermined rate for the classification of work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Bureau of Apprenticeship and Training. Their wage rate will be their individual warranted percentage of the herein listed skilled classification common wage rate. Apprentices shall be permitted to work only as the ratio to journeymen in the apprenticeship program standards state.

The absence of a wage determination for the classes of Semi-Skilled and Un-Skilled workers in a particular classification is the result of the committee's determination that the prevailing practice in the immediate locality is not to use Semi-Skilled or Un-skilled workers in that classification on construction sites.
